A late congratulations to **Hadlow School** who recently had an Ofsted report and went from satisfactory to good. We have had **Mr Rule** as head teacher officially since January. Mr Rule and **Miss Chapman** the new deputy head, and with the teachers and teaching assistants have and are improving our school, thank you.

Congratulations to **Shirley Brewster** and **Barbara Holt** of the Hadlow Flower Club; a **Silver Guilt** has been awarded to them at the **Chelsea Flower Show** for their floral design entry into the Gardeners Delight class. Their title was "Tranquillity". A lot of hard work and thought was put into this beautiful design and the result was well deserved.

Hadlow Tower has re-opened for Thursday visits and as you may know is up for sale. It is wonderful to see: the masonry, the stained glass, the history, the view! It's amazing too that one woman decided that she had enough and decided to do something about a rundown tower: **Caroline Elcombe** led the **SHTAG** team which campaigned and helped raise funds to save the tower, and then went about organising the visitors centre. So a big thankyou SHTAG. Thank you too Caroline for all that you do for this village, restarting the **WI** with **Kirsty Finch**, which is now 40 strong! And for getting the **Village Hall** up and running and looking spick and span.

We have so many wonderful women in this village who are the backbone of this community, that genuinely love, care and give their time. **Coffee Pots and Tiny Tots** run by **Jan, Judy, Linda, Carol, Pippa** (to name a few), between them they provide: tea, biscuits, wisdom, cuddles, art table, baby area and toddler area, music time with drums, tambourines and other noisy instruments! The children get visited by Father Christmas too. Yes it can be awkward when you go somewhere new, friendship is a journey, take that first step, you will make some lifelong friends.

Sympathies and thoughts go to the families of **Ray Norbury** who passed away on 4 June after many years of serving St Mary's and the community of Hadlow; and of **Aubrey Roots** who passed away on 25 May; he had lived in the village for nearly 50 years.

Find out about the stonework repairs to **St Mary's church tower!** Cary Wadey from DBR, the specialist stonemasons, will talk about the work, the techniques used and the problems they have faced, from the birds and the bees to the quality of the original stones.

With regards to the trouble at Williams Field and the drug-taking at the youth huts, keep on calling **101**, it would then be very helpful if you could note the time you rang and how long you had to wait to be answered (as this seems to be another huge problem). The man who got hurt by the falling panel around the play area is fine, and the council is now paying £400 to have all the panels welded together since the since the anti-vandal lock nuts have not worked. *continued.....*
